Bioplex™ Iron

Indications

Chelated iron for use in animal feeds as a source of dietary iron and to aid in the prevention of iron deficiency syndromes.

Composition

150 g / kg iron as a vegetable proteinate.

Directions

BIOPLEX™ IRON contains 150 g / kg of iron for use in manufacturing livestock rations where the inclusion of iron as an organic chelate is desirable. The precise dietary requirement will be dependent on the composition of the feed and the particular animal species involved. To ensure optimum animal performance BEC recommends that a professional animal nutritionist is consulted when formulating animal rations.

Discussion

Withholding Period Nil

Schedule Exempt
