

# Milker Max<sup>®</sup>Premix

## Description

Milker Max<sup>®</sup> Premix is formulated to supplement the vitamin and mineral requirements of lactating dairy cows. BEC Milker Max<sup>®</sup> Premix should be added to dairy cow feed to assist with the prevention of deficiencies of essential nutrients.

Milker Max<sup>®</sup> Premix contains a range of Availa<sup>®</sup> 4 organic minerals including copper, cobalt, manganese and zinc. It also contains monensin sodium (Rumensin<sup>®</sup>200), tylosin phosphate (Tylan<sup>®</sup>250), yeast (Levucell<sup>®</sup> SC10ME) and biotin. Monensin sodium can increase milk production, aid in reducing the severity of non clinical ketosis as well as controlling bloat.

Tylosin phosphate is used to control liver abscesses in dairy cows. Levucell<sup>®</sup> SC 10ME is used to enhance nutrition and health by improving microflora populations within the digestive system.

## Composition

Each 20g contains:

Vitamin A
Vitamin D3
Vitamin E
Vitamin H (Biotin)
Cobalt (Co) Availa <sup>®</sup> 4 Co + cobalt carbonate
Copper (Cu) Availa <sup>®</sup> 4 Cu + copper sulphate
Iodine (I)
Manganese (Mn) Availa <sup>®</sup> 4 Mn + manganous oxide
Selenium (Se)
Zinc (Zn) Availa <sup>®</sup> 4 Zn + zinc sulphate
Yeast (Levucell <sup>®</sup> SC 10ME)
Monensin Sodium (Rumensin <sup>®</sup> 200)
Tylosin Phosphate (Tylan <sup>®</sup> 250)

## Schedule

S6

## Pack Size

25 kg

Rumensin<sup>®</sup> and Tylan<sup>®</sup> are trademarks of Eli Lilly and Company  
Milker Max<sup>®</sup> is a trademark of BEC Feed Solutions  
Levucell<sup>®</sup> is a trademark of Lallemand  
Availa<sup>®</sup> is a trademark of Zinpro Performance Minerals

## Directions

Thoroughly mix the calculated amount of premix with supplementary feed to provide 20 grams of Milker Max<sup>®</sup> Premix per head per day.

To ensure even dispersion it is recommended to first mix required premix with 4 kg of feed then mix this thoroughly into the rest of the feed.

## Withholding Period

Nil

## Storage

Store below 30°C (room temperature) in a dry place.  
Store away from direct sunlight.

## Expiry After Manufacture

12 months

## Warning

Dogs, horses and other equines should not be allowed access to feed containing monensin as ingestion of monensin may be fatal in these species.
