

# Rumigro<sup>®</sup> Millpack

## Description

Rumigro<sup>®</sup> Millpack is formulated to supplement the vitamin and mineral requirements of beef cattle, sheep and goat diets. It has a high level of concentration making it ideal for use in ruminant feed in a commercial feedmill.

Rumigro<sup>®</sup> Millpack contains Microvit A and D3 which utilises a unique coating technology to protect individual beadlets of vitamins from the abrasive and destabilising influences of a mineral and vitamin premix.

## Composition

Each 1kg contains:

Vitamin A
Vitamin D3
Vitamin E
Cobalt (Co)
Copper (Cu)
Iron (Fe++)
Iodine (I)
Manganese (Mn)
Selenium (Se)
Zinc (Zn)

Rumigro<sup>®</sup> Millpack also contains antioxidant to maintain nutrient composition.

## Directions

Thoroughly mix 1kg of Rumigro<sup>®</sup> millpack per ton of feed.

To ensure even dispersion it is recommended to first mix required premix with 4 kg of feed then mix this thoroughly into the rest of the feed.

For use in loose mixes or supplements, add at a level of 5 g per head per day.

## Withholding Period

Nil

## Storage

Store below 30°C (room temperature) in a dry place.  
Store away from direct sunlight.

## Expiry After Manufacture

12 months

## Pack Sizes

25 kg
