

Rumigro® Premix

Description

Rumigro® Premix is formulated to supplement the vitamin and mineral requirements of beef cattle, sheep and goat diets.

Rumigro® Premix should be added to beef cattle, sheep and goat feed to assist with the prevention of deficiencies of essential nutrients.

Rumigro® Premix contains Microvit® A and D3 which utilises a unique coating technology to protect individual beadlets of vitamins from the abrasive and destabilising influences of a mineral and vitamin premix.

Composition

Each 1kg contains:

| |
|----------------|
| Vitamin A |
| Vitamin D3 |
| Vitamin E |
| Cobalt (Co) |
| Copper (Cu) |
| Iron (Fe++) |
| Iodine (I) |
| Manganese (Mn) |
| Selenium (Se) |
| Zinc (Zn) |

Rumigro® Premix also contains an antioxidant to maintain nutrient composition.

Rumigro® is a trademark of BEC Feed Solutions
Microvit® is a trademark of Adisseo

Directions

For grain based feeds thoroughly mix 1kg of Rumigro® premix per ton of feed.

For use in loose mixes or supplements add at the following rates:

| | | |
|-------------|------------------|------------------|
| Weaner | 200-300 kg | 4 g per head/day |
| Yearling | 300-450 kg | 4 g per head/day |
| Adult | 450+ kg | 4 g per head/day |
| Sheep/Goats | 4 g per head/day | |

To ensure even dispersion it is recommended to first mix required premix with 4 kg of feed then mix this thoroughly into the rest of the feed.

Withholding Period

Nil

Storage

Store below 30°C (room temperature) in a dry place.
Store away from direct sunlight.

Expiry After Manufacture

12 months
